

CURIO®

The ideal designer furniture.

CURIO is built on decades of wood furniture craftsmanship and modern design sensibilities.

Wood is our language and we are meticulous at what we say. Each passing day in our designer furniture workshop is another step towards innovations in high-quality woodworking. From the heaviest hammering to the puniest polishing, every detail on a CURIO designer furniture is made by CURIO furniture manufacturer with absolute care and precision.

Following Japanese and Scandinavian furniture design principal which believe that simplicity is the ultimate sophistication, CURIO products are distinctively simple, universally pleasing, and seamlessly blend into their furnished space.

Every piece of CURIO furniture can individually stand out on their own as an art piece that emphasizes comfortability as much as style and innovation.
